OPEN ADJUSTING ROOM

This office utilizes an "open adjusting" environment for ongoing patient care. "Open-adjusting" involves several patients being seen in the same adjustment room at the same time. Patients are within sight of one another and some ongoing routine details of care are discussed within earshot of other patients and staff. This environment is used for ongoing care and this is NOT the environment used for taking patient histories, providing examinations or presenting report of findings. These procedures are completed in a private setting. The use of this format is intended to make your experience with our office more efficient and productive as well as to enhance your access to quality health care and health information. If you choose not to be in an open-adjusting environment, other arrangements will be made for you.

This notice is effective as of _____. This notice, and any alterations or amendment made hereto, will expire seven years after the date upon which the record was created. My signature acknowledges that I have read and received a copy of this notice.
